Memorandum

To: Katrina Symons, Field Manager (CA-680)
From: Jim Shearer Archaeologist, Barstow Field Office

Subject: ICT Dumont Dunes

Project: ICT is proposing to construct a communication site at Dumont Dunes consisting of three principal components: (1) communication tower; (2) solar array, equipment cabinets, backup generators, and supporting elements; and (3) road access.

A Class III survey was conducted and it has been determined that there would be no effect to historic properties as a result of this action.

Pursuant to the *State Protocol Agreement Between The California State Director of The Bureau Of Land Management And The California State Historic Preservation Officer (2014)* (hereinafter referred to as the *Protocol*), and consistent with 36 CFR Part 800, the Bureau of Land Management has reviewed this undertaking and has determined that there will be no effect to historic properties as a result of this action.

Recommended by:

Jim Shearer: Archaeologist, Barstow Field Office.
